
[ECON 362] MACROECONOMIC THEORY
SUMMER 2025

SECTION: 01

INSTRUCTION: Traditional

PREREQUISITES: Grade of C in ECON
160, 162.

TEACHER: Sahabuddin Seikdear

OFFICE: Library Tower-1101

E-MAIL: sseikdear@binghamton.edu

OFFICE HOURS: Thursday 2:00-4:00 pm

COURSE INFORMATION

Class Hours:

MTWTF: 12.00 PM - 1.40 PM

Class Room:

Lecture Hall 009, Classroom Wing, Main Campus

Course Website <http://brightspace.binghamton.edu/>

COURSE REQUIREMENTS

Required Textbook

The required textbook is N. Gregory Mankiw, Macroeconomics, 11th Edition, Macmillan.

Other Resources

Additional course information for students enrolled in the class is available through Brightspace. Class notes, problem sets, class news and other useful resources will be posted.

Credit Hours and Expectation

This course is a 4-credit course, which means that students are expected to do at least 35 hours of course-related work each week of the 5-week Summer session. This includes completing assigned readings, solving problem sets, studying for examinations, and other course-related tasks.

COURSE DESCRIPTION

Macroeconomics is the branch of economics that studies the overall aspects and behavior of a national economy. Topics in this course include the determination of national income, unemployment, inflation, and causes of business cycles, introduction to Classical and Keynesian schools of economic thought, and discussion on how fiscal and monetary policies stabilize the economy.

KEY LEARNING OUTCOMES

- ☐ Describe, explain, and assess macroeconomic data
- ☐ Explain how national income, employment, and price level are determined both in the short run and long run
- ☐ Apply macroeconomic models to analyze current economic affairs
- ☐ Propose fiscal and monetary policy measures to promote economic growth and stabilize business fluctuations

GRADING SCHEME

A student's grade is based on the following components:

1. Quizzes (5%). Quizzes will be given in class.
2. 5 Problem Sets (5% each).
3. Midterm Exam (30%).
4. Final Exam (40%).

MIDTERM AND FINAL EXAM

Taking midterm and final exams is a requirement of the course. You should finish your exams independently. Cheating or academic dishonesty in any form will not be tolerated and will result in swift punitive action. Any student found to have cheated (or helping others to cheat) or behaved unethically or dishonestly will be given a grade of zero on the exam involved and referred to the appropriate disciplinary committees for further action. The final exam is not cumulative. To receive credit, the final exam must be taken on the last day of the course (no exceptions).

Letter Grade

Letter grades will be given only at the end of the semester, based on the weighted aggregated course performance. For each single homework or exam, you will not have letter grade. The final letter grade is based on class ranking.

Accessing Grades

All the grades of homework and exams will be posted on Brightspace. The final letter grade will be shown on BU Brain.

ACADEMIC INTEGRITY

Honesty Code (see the University Bulletin - Academic Policies and Procedures for All Students). Unless specified otherwise in the syllabus, I expect the work you submit for grading to be yours alone. Not acknowledging another's work with proper references, taking credit for someone else's work, letting your work appear in another student's paper, or fabricating "results" are grounds for failing the assignment and/or the course. If you have any questions about what constitutes plagiarism or cheating, please ask me.

TENTATIVE COURSE CONTENT

Week	Topics & Homework
W1: July 07 – 11, 2025	Chapter 1: The Science of Macroeconomics Chapter 2: The Data of Macroeconomics Chapter 3: National Income Homework: Problem set 1 will be due on July 14 at the beginning of class.
W2: July 14 – 18, 2025	Chapter 4 The Monetary System Chapter 5 Inflation Chapter 6 The Open Economy Homework: Problem set 2 will be due on July 21 at the beginning of class.
Midterm Exam	On July 22, 2025
W3: July 21 - 25, 2025	Chapter 7 Unemployment Chapter 8 Capital Accumulation as a Source of Growth Chapter 9 Population Growth and Technological Progress Homework: Problem set 3 will be due on July 28 at the beginning of class.
W4: July 28- Aug 01, 2025	Chapter 10 Growth Empirics and Policy Chapter 11 Intro to Economic Fluctuations Chapter 12 Building the IS-LM Model Chapter 13 Applying the IS-LM model Homework: Problem set 4 will be due on Aug 1 at the beginning of class.
W5: Aug 4- Aug 08, 2025	Chapter 15 Aggregate Supply and The Phillips Curve Homework: Problem set 5 will be due on Aug 6 at the beginning of class.
Final Exam	On August 08, 2025.

NOTE: The actual dates may be modified due to the requirements of the class. Dates may shift depending on class progress. **Exact dates and instructions will be announced on the course webpage.**

DISABILITY-RELATED EQUAL ACCESS ACCOMMODATIONS STATEMENT

Students wishing to request academic accommodations to insure equitable access and participation in this course should contact Binghamton University's Services for Students with Disabilities (SSD) office. Please visit the SSD website (www.binghamton.edu/ssd/) for contact information, Disability Documentation Guidelines, services, policies and procedures.

CAMPUS HELP FOR STUDENTS

If you are experiencing undue personal or academic stress at any time during the semester or need to talk with someone about a personal problem or situation, I encourage you to seek support as soon as possible. I am available to talk with you about stresses related to your work in my class. Additionally, I can assist you in reaching out to any one of a wide range of campus resources, including:

1. Dean of Students Office: 607-777-2804
2. Decker Student Health Services Center: 607-777-2221
3. University Police: On campus emergency, 911
4. University Counseling Center: 607-777-2772
5. Interpersonal Violence Prevention: 607-777-3062
6. Harpur Advising: 607-777-6305
7. Office of International Student & Scholar Services: 607-777-2510
8. Ombudsman: Main campus 607-777-2388
9. Ombudsman: University Downtown Center office 607-777-2388
10. Services for Students with Disabilities: 607-777-2686 (Voice, TTY)

UNIVERSITY TUTORING SERVICES

UTS offers free tutoring for undergraduate students at Binghamton University. All UTS tutoring appointments must be scheduled online through TutorTrac at tutor-trac.binghamton.edu. Students log in using their PODS username and password. Walk-in tutoring is also available for selected courses. If you have any questions about UTS, call 607-777-9235, email uts@binghamton.edu, or visit the website: <http://www.binghamton.edu/tutoring>.

ITS HELPDESK

Walk-in: Located in the Computer Center first floor lobby. Call: 607-777-6420. Email: helpdesk@binghamton.edu. Website: <https://www.binghamton.edu/its/>.

LIBRARIES

The Libraries offer a wide variety and range of services including research assistance, instruction, user-friendly interfaces, digital preservation, digital scanners, and resource sharing. Text: 607-205-8173. Call: 607-777-2345.

Email: refquest@binghamton.edu. Website: <http://www.binghamton.edu/libraries>.

UNIVERSITY COUNSELING CENTER

At some point during their college experience, students may encounter personal, social, or developmental issues that call for assistance beyond the advice provided by friends and family. That's where the University Counseling Center (UCC) can help. The UCC provides a variety of free and confidential counseling services delivered by professional counselors. All currently enrolled Binghamton University undergraduate students, graduate students and affiliated entities are eligible to receive these services free of charge. Services and programs available through the center include individual and group counseling, consultation, referral, and psychoeducational programs. For more information or to make an appointment: visit <https://www.binghamton.edu/counseling>.
